BATCH PROFILE

LIFE @IIM JAMMU

6:30 am

Tick Tick Tick, goes on the alarm, thus waking me up for yet another day full of opportunities. Making myself ready to sail through the ocean of exciting challenges lined up for the day, I run a long-distance race to arrive at the class before the professor enters.

8:00 am

I start my classes by revising the concepts taught before, through a distinct set of case studies and prepping for the project presentation. Interacting with the distinguished faculty and having a healthy discussion with my peers, I see that with every lecture, there's gain in my knowledge pool.

1:00 pm

After these five hours of active participation in the class, I am finally down for a quick lunch break. Enjoying the deliciously prepared full-fledged meal, one gets ready to take on the awaiting challenges.

5:00 pm

After a rigorous nine-hour academic journey, the part of becoming Hercules starts. This is the real deal where your time management and multi-tasking skills would be tested. With so much on the plate, some start the next day preparations and complete the assignments while some go for extra-curricular activities.

6:30 pm

After having quick evening snacks, I get ready to jump in the playground. May it be football, basketball, badminton, or cricket, you'll always find your breed to groove with. Playing courts brimming with athletes and gatherings of club members chatting are like literally the buzz of the campus.

8:30 pm

Finally, it's dinner time! After a long day of study and projects, ready to have delicious food which won't make you miss your home-cooked food.

10:30 pm

I need to sit with my project group for upcoming Chase competition and class projects to make PPTs and solve case studies. The bar has been raised, and the hopes are high. Dissimilar to last time, we need to win this time. It's now or never. Here we go!!!

12:30 am

Past midnight all by myself for the self-study, a cup of coffee, and a bowl of Maggi is what keeps me awake for the next couple of hours. Making the best possible use of this peaceful hour, I work on myself and contemplate my life.

2:00 am

A minute of dread is followed by a bouquet of smile as I congratulate myself, thanking my stars for having survived another day's thrilling challenges. Turning off my lights, I set my alarm. As I drift off, I look forward to the exciting new day.

The idea is to bring together visionaries from industry, government, and other walks of life to offer valuable ideas to support economic growth of the country through industrial transformation and promotion of leadership. The theme for this year is "Conquering the Crisis: Shifting Paradigms and the Way Forward" – with a vision to seek answers pertinent to the emerging challenges and the opportunities arising because of the crisis and the possible implications on the future. At IIM Jammu, we aspire to bring the visionary leaders on a single platform to create ideas that have a meaningful impact on our future. Innovation, collaboration, excellence, integrity, and sustainability form the core values of IIM Jammu, which was setup with an aim to promote excellence in management education and create a strong industry interface. After the successful first Leadership Summit at IIM Jammu campus in February 2020, we are fervid to have another opportunity for all of us to have leaders from different walks of life on a single platform to discuss various topics relevant to the selected theme. The 2nd Leadership Summit 2021 will be a stage for the discussion on five interesting themes and hence we invite you to participate in the discourse. Due to the unprecedented situation that the world is going through, because of the pandemic, we have decided to move the Leadership Summit to a digital platform this year. WOMEN ENTREPRENEURSHIP EVENT

Entrepreneurship Development Cell, IIM Jammu hosted a Virtual event where ten exceptionally talented women entrepreneurs of Kashmir were invited to share their views, struggles and way forward on promoting women entrepreneurship in Kashmir. The event was also attended by the Director, IIM Jammu Professor B.S Sahay who promised all possible support from IIM Jammu in promoting and encouraging women entrepreneurship in J&K. Prof. Sahay also suggested entrepreneurs from Kashmir to leverage and benefit from the resources and facilities offered by IIM Jammu through its off-campus in Srinagar. The program was moderated by Dr. Muqbil Burhan, Chairperson IIM Jammu, Srinagar Off-campus who interacted with the women entrepreneurs through a question answer session.

The program featured proud business owners from Fashion, Bakery, and Design Industry running some promising ventures like Zaytuna Label by Ms. Samreen, Sunny Smile Bakes by Ms. Mehtab, Hangers the Closet by Ms. Sadia, Rabia Shahnaz by Ms. Naila Shah, Mehak Suhail Architects, Verv the Artelier by Ms. Iqra Khan, and Poash by Ms. Asma Wali. The women entrepreneurs shared their experiences and challenges that they and other entrepreneurs face in Kashmir.

Female Entrepreneurship remains a challenging path, particularly within the male-dominated society. The increasing presence of women as entrepreneurs has led to a change in the demographic characteristics of business and economic growth in Kashmir. Women-owned business enterprises play a prominent role in the society by inspiring others and generating more employment opportunities in the Kashmir region.

It was awe-inspiring to hear the stories of these extraordinary women. Despite facing numerous obstacles, they are now successfully running their businesses. A society in which women cannot realise their full potential loses out on the significant potential for innovation, economic growth, and job creation. It has never been easy for women to prove their resilience. But fighting against the odds, these leading ladies have made valuable contributions to women entrepreneurship. With the new era, more and more women entrepreneurs are rising. IIM Jammu is planning to have a similar kind of event for women entrepreneurs in Jammu and is organizing Women Entrepreneurship Summit at its main campus at Jammu and off-campus located in Srinagar. Promoting entrepreneurship in J&K, IIM Jammu is starting business incubators at Jammu and Srinagar to support young entrepreneurs through training, ideation, seed funding, workspace and acceleration.

ALUMNI TESTIMONIALS

“ **Ruchit Kevadiya, BATCH04**

IIM Jammu has imparted many valuable things in me over the two years including academic excellence, clear vision, greater confidence and ethics. IIM Jammu possesses beautiful campus, fruitful courses, dedicated and friendly faculties, colorful culture, and diverse and lovely batchmates. IIM Jammu has great academia-industry connection to provide practical business knowledge and placement support. IIM Jammu has much more in it and here i tried to use only more accurate and closer adjectives.

”
Associate solution advisor, Deloitte USI

“ **Mohammed Anees KP, BATCH04**

For me, IIM Jammu is not just about academic improvement, but holistic improvement. There is difference like day and night between the person who stepped his foot at the campus on July 10,2018 and the person who left the campus on March 31,2020. My tenure as the Vice President of the Students' Council helped me to explore myself and thus identify the skills which I'd earlier overlooked. Also, my experience as an admissions committee member helped me a lot during my placement process at GUVI, which is an EdTech company and the learnings that I'd gained by dealing with the aspirants acts as the guide when I deal with the customers today.

Late night project works, exam preparations, presentations, being a core team member of our first annual fest and successfully pulling it off alongside my IIM Jammu family are some of my fondest memories at IIM Jammu.

”
Business Development Executive, GUVI

“ **Aniket Sharma, BATCH01**

With great tags come great responsibilities. Being in the pioneer batch made my fear of placements go away and all I needed was full focus on the field I admired the most, data science. Despite being a below average performer in most of the subjects, I was offered a job during a guest lecture. IIM Jammu (faculty, beloved batchmates and juniors) boosted my confidence to believe in my goals and achieve them. Special thanks to Prof. Neerja Pande, Anadi Sir and late Ajeet Sir their guidance helped shape my personality.

”
Risk Analytics Manager, Axis Bank

“ **Thakor Darshan VijayKumar, BATCH01**

Overall personality development. It helped me to learn how industry's work and how daily business of a firm takes place.

Late night and early morning class with lots of presentations and project.

”
**Assistant Traffic Manager,
Konkan Railway Corporation Limited**

“ **Madhumanti Banerjee, BATCH02**

IIM Jammu - When I stepped into this place, I was unknown to what an amalgamation of hope, despair, joy, and happiness would look like! We hear it quite often that every moment, every struggle in an MBA college is a part of your learning! It is what you learn beyond the classroom lectures that adds up to your growth. Sounds cliched right? We have learnt it too but in the most unique way - it is how we managed to have food inventory in place even in the toughest of days, it is how we have concentrated on our assignments and quizzes with the beauty of the city trying to distract us, it is how we started learning the basics of marketing with branding our own college. Needless to say, we had some of the world class classroom teachings available for us - within and beyond the boundaries of India! IIM Jammu is a reality that still feels like a dream! From the best of friends to the best of moments - I, now have it all. Not to forget the convocation day, when I was on Cloud nine while receiving the PGP Chairman's Bronze Medal from the erstwhile Honbl. Governor of J&K - Mr. Satya Pal Malik.

”
Product Manager, HCL Technologies

“ **Sourav Sandeep Pattanaik, BATCH02**

As I studied in the 2nd batch and we were being mentored by IIM Lucknow, the professors were excellent and the knowledge you get from them helps you in your professional careers. As you have lived in a highly competitive environment for 2 years in your MBA it helps you to excel in highly demanding situations in corporate world. I loved the winters in Jammu. The campus was very small when I studied, but it had a beautiful lawn and loved every bit of the beautiful campus.

”
Project and Strategy Manager, Reliance Retail

“ **Simran Verma, BATCH03**

IIM Jammu did not only provide me with a platform to develop a varied set of skills but also a platform to interchange ideas with diversified pool of people. Starting from the intellectual batchmates to the eminent personnels from different domains and industries, each one of them gave some valuable insight that has enriched my thought process. The international exposure through IIP at ESCP Berlin gave me an hands on experience to diversity and inclusivity. Moreover, it gave me a better understanding of organisations and business acumen in an international level. The last two years at IIM-J has brought out a fine personality in me by enhancing my knowledge, and confidence. At the same time, the place has taught me to be humble whatsoever. I will preserve and cherish all the learnings (professional as well as personal) from my stay at IIM-J throughout my life. I will always be indebted to the Institute for all my future endeavours.
