LEADERSHIP SKILLS FOR FIRST-TIME MANAGERS:

— Trekking-based MDP in lower Himalayas —

27th November 2023 to 1st December 2023

About the Course

This program aims to help new managers to understand the foundation for employee management, tools, and techniques to manage and develop their employees.

Managing employees is one of the primary concerns of a manager, more specifically for new managers. While some have expertise in it, for many it does not come naturally. The Program is designed to provide an introductory idea of basic components of leadership and management to the upcoming and new managers and entrepreneurs. The program contains basic components of management like organizational culture and ethics, employee management, decision-making process, communication and conflict resolution and self-development modules
