

IPM 2024 Merit List Preparation Criteria

- A. This entire process of preparing the merit list has been carried out in accordance with the IPM Admission Policy 2024. IIM Jammu Board had approved this policy, and it was published on January 1, 2024. The policy was made public on our official website <https://www.iimj.ac.in/> well before NTA's announcement of JIPMAT 2024 admission process.
- B. Merit list calculation has two steps, namely shortlisting of eligible candidates and preparing the composite score for those candidates.

Step 1: Shortlisting of eligible Candidates

Category-wise eligible students have been identified by applying the section-wise percentile cut-off mentioned below:

Category-wise Sectional cut-off

Category	Quantitative Aptitude	Data Interpretation	Verbal Ability
General	50	50	50
EWS	35	35	35
NC-OBC	35	35	35
SC	30	30	30
ST	25	25	25
PwD	25	25	25

Step 2: composite score calculation

The composite score has been calculated by giving 95% weightage to JIPMAT Percentile Score (overall) and the Gender diversity marks (5 for females and 0 for males) as per the admission policy approved by IIM Jammu Board. Each student's composite score has been used to prepare the merit list.

- C. This is to mention that there is no change in the IPM Admission Policy 2024 from the previous year, i.e., IPM Admission Policy 2023, and the same criteria have been used in preparing the merit list as was used last year.
