7. CURRICULUM

7.1 Course Workload

Class hours for courses are determined in direct proportion to their credit units. A typical course in our MBA Program carries three credit units and involves 30 hours of classroom teaching and 10 hours of interaction time with the course instructor outside the class. The courses of lesser or more duration is assigned proportionate credits. A three-credit course requires approximately 100 hours of work, both in and outside the classroom, from the student. The 30 hours teaching in three credit courses is usually spread over 10-11 weeks.

7.2 First Year Program

All first-year courses are compulsory and together fetch a total of 64.5 credits for a student. A list of first year courses including information on assigned credit units of each course is given in **Annexure-III**.

7.3 Summer Internship Program (SIP)

Every MBA student will be required to work on an assignment/project with a company or an organization for a period of eight to ten weeks after completion of his/her first-year end-term exams (i.e., between April and June). The summer placement is a compulsory credit requirement of the MBA Program and carries three credits. The Placement Office will assist the students in finding suitable summer assignments. The summer placement aims at achieving the following objectives:

- (a) Widening the horizon of students by providing them an opportunity to work in real organizations.
- (b) Getting the hands-on experience of day-to-day challenges of real business organizations and resolving such challenges by applying their knowledge and understanding of such situations developed through their MBA curriculum.
- (c) Providing students an opportunity to network with a prospective employer and exploring possibilities of getting a pre-placement job offers.
- (d) Honing the skills of students to present their summer internship work in the form of Project Reports.
- (e) Enriching of CVs of students by providing them the opportunity to work on real-life projects and then mentioning the same in their CVs.

Each student will be working under a company mentor in his/her organization and needs to sincerely work on the assigned project/tasks under the guidance of company mentor and are encouraged to acquire Pre-Placement Offers (PPOs) Before proceeding for their summer internship, every student will also be assigned a faculty mentor of IIM Jammu. Every student needs to keep his/her faculty guide updated of his/her summer internship work/project progress through a fortnightly report.

Post completion of his/her SIP, student necessarily needs to submit the following to the Program Office for registering into Term IV: (i) a detailed report of internship project/tasks

in the prescribed format; (ii) the confidential grading of his/her SIP work done by his/her Company guide in a sealed & signed envelope; and (iii) a certificate from the host organization on its letterhead certifying the completion of the SIP. No students will be allowed to register for the second year without these documents.

The grade of the student in the summer internship is decided through the joint evaluation of his/her summer internship work/project by his/her *company mentor (50% marks)* and *faculty guide (50% marks)*. Towards the completion of the summer internship, company mentor evaluates the summer internship work of the student for 50% marks based on grading rubric shared with him/her and sends a confidential report of the same to the Placement Office via email. A hardcopy of the confidential grading (on the organization's letterhead) in a sealed & signed envelope is also provided to the student on last day of his/her internship. Similarly, the faculty guide evaluates the summer internship work of the student for the remaining 50% marks based on the grading rubric shared with him/her and sends a confidential report of same to the Program Office. A salient part of evaluation by faculty guide will be based on presentation of summer internship report by the student before the faculty panel led by his/her faculty guide. Sometimes a company or organization may allow the student to disclose only the limited contents of the project report with the Institute due to reasons of confidentiality of report information. Even in case of confidential SIP project works, the student would request the Placement Office or Faculty mentor to talk with the company mentor for allowing him/her to share non-confidential portions of his/her SIP project with the assigned faculty panel (team of two faculty members). Additionally, Placement Office/Faculty mentor would assure the company that the project information shared by the student would not be used for any commercial purposes and be not disclosed further to anyone by the faculty panel.

The final grade of the student in the summer internship will be included in his/her Term IV grade sheet and will be derived by averaging of the grade points received from the Company mentor and the faculty guide. A student getting overall "D" or "F" Grade will be required to repeat his/her Summer Internship Training with the next batch and will not be given MBA degree unless he/she improves his/her grade in the SIP.

7.4 Second Year Program

The Program Office will announce the elective courses to be offered in the second year of MBA by the first week of February 2025, based on the elective pool offered by various functional areas.

MBA 2nd year Courses: A student must take at least 48 credit units from courses offered over the three terms such that student does not take:

- Less than 18 credit units in Term IV;
- Less than 15 credit units in Term V; and
- Less than 15 credit units in Term VI.

The students in the second year can choose a maximum of one audit (non-credit) course per term besides choosing their credit electives subject to the approval of the course faculty. Please see section 7.6 for detailed information on Audit courses.

For MBA (Batch 2024-26), students need to submit their choice of electives for Term IV, V & VI to the Program office latest by March 13, 2025. The indicated choices for Term IV elective courses will be firm choices. No changes in Term IV choices are permitted after the last date as announced by the Program office.

The choices for Term V and Term VI elective courses will be tentative and can be changed up to 15th August (for Term V courses) and up to 15th October (for Term VI courses). It may be noted that the change, if any, will be allowed, subject to no existing running elective course(s) gets dropped. A student can at the most change a single elective choice per term from his/her initially subscribed list provided it doesn't result in any existing running elective getting dropped. In addition, the student may be asked to change some of his/ her chosen electives in case Program office finds that parallel scheduling of some electives while being necessary (due to non-availability

of slots), is challenging on account of up to 2 students being common across any two elective courses.

The students will give elective course choices according to the procedure and timings as communicated by the Program Office. Each student must submit a signed hard copy of the elective selections to the Program Office, failing which the students will have to accept the elective allotted to him/her by the Institute. The choice submitted through signed hard copy is final & firm through Term IV, V & VI. The students must also clearly specify the elective course where they intend to register as an audit student. The students should retain with themselves a copy of the course list submitted to the office.

The existing minimum number of credit students (excluding audit student) in an elective to get it floated shall be 10% of the total batch across all the functional areas. Electives will not be offered if the requisite numbers of credit students do not opt for it. Similarly, an upper cap of students in an elective may be kept beyond which no students will be allowed to take the course.

The respective areas may announce prerequisites which may be in terms of minimum grade in earlier courses/terms or an earlier term course(s). Students can subscribe to the particular elective provided they fulfill its mentioned prerequisites. The Finance area has fixed the following prerequisites for subscription of finance elective:

- A minimum of B+ in both Financial Accounting (Term 1) and Corporate Finance (Term 2)
- Subject to fulfillment of above requirement, an upper cap of 70 students in each of the finance elective
- In case of fulfillment of both the above prerequisites, the subscription list will be prepared based on the CGPA of the student.

Similar prerequisites may be announced by other areas which will be intimated to the batch well in advance. The prerequisites may be modified/ changed/ updated from time to time depending on the decision of the area. All students are required to abide by the prerequisites announced by the areas.

In case the Institute, due to some exigencies, decides to drop a course, the students who have subscribed to that course will be asked to register for another course to meet their requirement of electives/credits.

7.5 Value Added Compulsory Workshops

The Chairperson (MBA) may, on the advice of Functional Area faculties, announce Value Added Compulsory Workshops. These workshops are done on contemporary relevant topics which as yet may not have formed part of our regular MBA courses. The attendance of students in such workshops is compulsory. These workshops are included as audit workshops in the grade sheet of the term in which they are organized. Students who comply with all requirements of a workshop (including minimum attendance of 80%) will only get the benefit of inclusion of that particular workshop in their grade sheet. A student on complying with all requirements of a workshop will receive a grade of S (Satisfactory) for that workshop. Some of these workshops may desire additional payment of workshop fees over and above the regular term fees. Wherever such fees are applicable, students will be allowed to participate/attend the workshop subject to prior payment of requisite fees.

7.6 Audit (Non-Credit) Course / Non-Credit Compulsory Courses

Auditing a course allows a student to take a class without the benefit of course grade being included in the Term Grade Point Average (TGPA)/ Cumulative Grade Point Average (CGPA) calculation. A student who audits a course does so for self-enrichment and academic exploration. The auditing of a course is allowed only on a space-available basis with the approval of the instructor of the course. A student is allowed a maximum of three credit units equivalent course(s) per Term in the second year of the MBA as the audit course(s). The audit course(s) will be over and above the spelled-out credit units to be taken in every term of the second year of the MBA program. The grade secured by a student in a course audited by him/her will be treated as a grade in any other elective course and shall be mentioned in the grade sheet. However, the grade obtained

in the audit course will not be used for the purpose of the qualifying criteria for award of Degree and will not be included in the calculation of TGPA/CGPA.

The fee for audit course(s) will be over and above the term fees (Rs.10,000/- for a full-credit course and Rs.6,000/- for a half credit course) to be paid additionally along with the usual fee for the term in which the course is offered.

The student who is seeking to audit an elective course, shall indicate which elective course is to be treated as audit course at the time of elective bidding. Such information should reach Program office as per the notified date. The decision of Program Office to allow or disallow a student from seeking auditing of an elective course would be final.

The grade obtained in the non-credit compulsory course will not be counted in the calculation of the TGPA/CGPA. Further, satisfactory completion of a non-credit compulsory course will be a minimum **C grade**, else the student needs to repeat the course for fulfilling the requirement of the award of degree. The general attendance norms will be followed in terms of Non-Credit compulsory courses.

7.7 Course of Independent Study (CIS)

The objective of CIS is to provide students an opportunity to explore their own idea and do some original thinking in an area of their interest. This helps in development of Higher Order Thinking Skills (analytical, synthesis and integrative skills) of students. Additionally, CIS provides opportunity to students to acquire 'deeper' understanding of the select field of study. The chosen theme for CIS need not necessarily belong to a given functional area, and may embrace multi-functional linkages.

7.7.1 Guidelines for CIS

CIS can be taken only in Term V and/or Term VI for any student. A student interested in CIS needs to work under faculty Supervisor(s). The consent of the Supervisor(s) must be submitted to the Program Office along with the elective choices. The CIS proposal for Term V and Term VI, duly signed by the faculty supervisor must be submitted to the Program office on the day of the Term V/ Term VI registration, as applicable. In case the duly signed proposal is not submitted, the student would be asked to drop the CIS and register for elective course(s).

7.7.2 Eligibility Criteria

The eligibility criteria for CIS is:

- Minimum CGPA of 7.00 in MBA-I (First year).
- Minimum B+ grades in all relevant courses to the area of the CIS. The courses relevant to the area of a particular proposed CIS would be determined by the proposed faculty guide and approved by the MBA Committee.

The final enrollment for CIS will be done along with the confirmed choices of electives opted for Terms V/VI. Written consent of the faculty supervisor(s) and the proposed title of the CIS are necessary at that time. For every proposed CIS project, MBA Committee will constitute a three-member faculty panel led by the faculty supervisor(s). The faculty panel would be responsible for monitoring and evaluation of the CIS project. Faculty Members are free to lay down criteria for choosing students and limiting the number of students for supervision.

- a) Two copies of the CIS report must be submitted to the Program office before the first day of the end term examination, of the respective term.
- b) No extension of time for submitting the report will be allowed.

- c) On receipt of the report, Program Office will issue a notice to the student for presentation to the faculty panel before end term examinations.

The proposal will be evaluated by the faculty panel. If satisfied with the proposal, the faculty panel may accept the proposal. If not satisfied, the faculty panel may reject the proposal or may propose amendment to the proposal and ask the student concerned to resubmit the proposal through Program Office.

7.7.5 Guidelines for CIS

- (a) The CIS offers an opportunity to the student to explore a topic in-depth in an area of special interest to the student. The CIS comprises an investigation, together with the written report and interpretation thereof, of a subject accepted and approved by a member of the faculty. A CIS could either be of an exploratory type or a prescriptive type with a focus on its applicability to management situations. It may be a case study, a study of a policy problem, a historical study, development of a new method, comparison of two or more methods, formulation and testing a hypothesis relevant to some areas of management. 8. INTERNATIONAL ADJUNCT/ VISITING FACULTY

The Institute has a strong resolve to engage world-class faculty members in its MBA Program to provide international exposure to the students. In this regard, the Institute may invite from time to time faculty members from the Partner Institutes/ Universities under Faculty Exchange Program and other top Institutes across the globe.

Due to the long-distance and related travel time, the courses which will be taught by the international adjunct/visiting faculty members are allowed to be completed within 2-3 weeks. However, even in such cases, faculty is not allowed to finish the course in less than 2 weeks of time. In such cases, faculty is also allowed to conduct only one single comprehensive end-term exam in lieu of separate mid-term and end-term exams. 100% attendance is mandatory in all courses. A maximum of 20% leeway in attendance is provided to allow for any unanticipated medical reasons/ personal reasons/ contest/ placement/ institutional work/ any other activities. Thus, even with exigencies, a student is expected to attend a minimum of 80% of classes in each course. If a student fails to meet the minimum specified 80% attendance requirement in one or more course(s), his/her original Grade(s) based on academic performance in those course(s) would be lowered in accordance with the grade penalty rules laid down in the following table:

Attendance % (In each Course/s)	Grade Penalty
More than or equal to 70% but less than 80%	1 Grade drop (e.g. from A+ to A, B- to C, C to D, etc.)

More than or equal to 60% but less than 70%	2 Grade drop (e.g. from A+ to A-, B to C, C to D, etc.)
More than or equal to 50% but less than 60%	1 Letter Grade drop (e.g. from A+ to B+, B+ to C, C to D, etc.)
Less than 50%	F grade will be awarded

If a student gets D grade in a particular course and also gets a grade drop due to attendance shortage, ‘D’ will become an ‘F’ grade. It is important to note that students having less than 50% attendance in a course due to any reason including medical problem(s) will be awarded F grade in that course. In other words, minimum 50% attendance is required to be eligible to get a pass grade.

9.2 General Guidelines

The Institute insists on regular and prompt attendance in classes. Attendance will be taken by the instructor directly/ through biometric and the students should be attentive at the time of attendance/ marking their attendance through biometric to get their presence recorded. Unauthorized absence from class/institute will be considered a breach of discipline and the Institute will be free to take appropriate action in such cases.

A student is required to monitor his /her attendance regularly. All doubts regarding attendance should be clarified with concerned faculty within appropriate time (at the end of each class during recess or at the end of class hours of the day). If the student is marked absent even when present, he/she should immediately inform the concerned faculty by submitting a written application justifying his/her stand.

ONLY under extra-ordinary circumstances, students may obtain leave of absence under the following rules and procedures:

- Students must follow the procedure specified by the institute for availing leave of absence from the campus. Students going out of station or to their local guardian for overnight stay must follow due procedure first getting his application recommended from Chairperson (Student Affairs) and Administrative Officer - Academics. If a student is noticed to be out of station for overnight without prior approval, disciplinary action may be taken against him/her to the extent of debaring from appearing in the examinations. Students are advised not to visit local guardians frequently or go out of the station as it will hamper their academic progression.
- In case of sickness, medical certificate issued and/or countersigned by the Institute Medical Officer/Visiting Doctor or a Doctor from Government Hospital, along with the prescribed application form must be submitted to the Program Office within 3 days of joining classes after illness. No student shall be allowed to join the Program unless he/she presents a medical fitness certificate duly endorsed by the institute’s Medical Officer/ or Government Hospital.
- Institute’s Medical Officer/Visiting Doctor/Government Hospital Doctor will issue medical certificates only in case of diagnosed illness where they are convinced that the student is too ill to attend classes. These include hospitalization, communicable diseases (chicken-pox, jaundice, and typhoid) and accidental injuries (fractures and deep traumas).
- In general, for medical treatment in Jammu city or in any other city, student must be referred by the Institute's Doctor / Visiting Doctor / Health Centre of the Institute. Resident Doctor's/Visiting Doctor's reference may not be required only in case of emergency.
- For grounds other than sickness or family emergency, leave may not be granted for a period exceeding three teaching days. Before applying for leave, student should contact their course instructors to ensure that they are not missing any quizzes or examinations during the leave period. No attendance will be granted for such leave. Students must refrain from

approaching the visiting and full-time faculty members for any exemptions in attendance on any grounds.

The Program Office or the concerned faculty will not be responsible for the student losing any segment of evaluation on account of his/her leave or not meeting the minimum desired attendance of 80%.

9.3 Attendance for Participation in National /International Level Contests/Events:

Students can participate in prestigious events being hosted by top institutions/universities/organizations with prior approval from the Chairperson (MBA). We don't encourage their participation into insignificant events. They need to adhere to the following guidelines if they desire attendance in lieu of participation in events/competitions being hosted by other institutions:

- i. Attendance will only be provided if:
 - a) Competition / event is hosted by top category institution(s)/ universities/ organization(s) (IIMs, IITs and institutions of similar standing) of any stream; or
 - b) Student is representing the state or country.
- ii. Permission has to be processed at least three days before the date on which student will be missing his/her course session(s), by submitting an application along with the documentary proof to the Program office.
- iii. In an academic year, a student can be given a maximum exemption of 10% in courses whose sessions are scheduled during the period when student has participated in the event.
- iv. Institute authorities reserve rights to deny the permission to participate depending on the date(s) and nature of event/competition for which student is seeking exemption.
- v. Any component of course evaluation missed on account of participation into such events will not be reorganized for the student.

9.4 Attendance for Corporate Engagement/Placement Activities:

Students formally participating in the corporate outreach program/placement process through the Placement Office would be provided up to a maximum of 10% attendance in a course if course sessions have taken place when student is involved in the above activities. To avail above attendance, student participation has to be certified by the Placement Officer/Chairperson (Placements). We expect that a student involved in the above activities shouldn't utilize the provided 20% leeway in the attendance for the personal reasons and shouldn't seek this 10% as additional remission in attendance after exhausting 20% leeway on his personal causes. All students need to take note of following regarding 10% remission due to the involvement in the above activities:

- i. Attendance will only be provided if student engages in the above activities with the prior permission of the Placement Officer/Chairperson (Placements).
- ii. Permission has to be processed at least three days prior to the date on which student will be missing his/her course session(s) by submitting an application along with the documentary proof to the Program office.
- iii. In an academic year, a student can be given a maximum exemption of 10 % in courses whose sessions are scheduled during the period when student has participated in the event.
- iv. Institute authorities reserve rights to deny the permission to participate depending on the date(s) and nature of event/competition for which student is seeking exemption.
- v. Any component of course evaluation missed on account of participation into such events will not be reorganized for the student.

10. EVALUATION SYSTEM & ACADEMIC PERFORMANCE

10.1 Examinations & Continuous Evaluation

The structure of evaluation may vary with course. The evaluation of academic performance in each course is based on varying combinations of the following components:

• Any two or more formats (Class Tests/ Quizzes/ Project/ Assignments/ Class Participation/Presentations/ Games & Simulation etc.)	40-50%
• Mid-Term Exam	20-30%
• Term-End Exam	30-40%
• Total	100%

No midterm examination will be conducted in Term VI and the weightage of one single comprehensive end-term exam component would be 50-60%.

Both mid-term and end-term exams are compulsory for a 3-credit course and must constitute at least 50% of the total evaluation. For courses with 1.5 credit units, mid-term examination is optional, but end term examination is compulsory. For continuous evaluation during the Term, faculties can choose any two formats from the suggested modes. The relative weightage of components for a specific course will be at the discretion of the course faculty within above prescribed ranges. The detailed evaluation scheme for every course will be conveyed to the students at the start of the course by the course instructor. Attendance is necessary for Mid and End Term examinations for every student in each term, failing which he/she will be debarred from the registration for next term. Such students are required to continue from that term along with next batch.

No repeat MID/ END Term will be allowed under any circumstances except for recorded absence in any MID/END Term exam due to the death of immediate family (parents, spouse, siblings, and children) or on medical reasons. In such cases, Chairperson (MBA) after due validation through submitted documents (death certificate or medical certificate issued and/or countersigned by the Institute Medical Officer/Visiting Doctor or a Doctor from Government Hospital) may permit student to appear in a specially arranged MID/END Term exam. All such cases will be decided on case to case basis at the end of the academic term or session.

10.2 The Grading System

A ten-point grading scale with corresponding letter grades as follows will be used:

Letter Grade	A+	A	A-	B+	B	B-	C	D	F
Grade Point (GP)	10	9	8	7	6	5	4	3	0

The Term Grade Point Average (TGPA) will be calculated by computing the sum of grade points in respective courses multiplied by their respective credits, and dividing it by the total credits for all courses in the term.

$$TGPA = \frac{\sum (Course\ GP * Course\ Credits)}{\sum Gradable\ Credits}$$

Similarly, the Cumulative Grade Point Average (CGPA) will be calculated at the end of each term as a composite index of the academic performance of the student up to that stage in the Program. Therefore, it means that TGPA is an indicator of student performance for a term, whereas CGPA is an indicator of student performance in an academic year.

A good instrument for evaluation should be able to distinguish between learners with different levels of the course proficiency & understanding right from the basic to the advanced levels. Such carefully planned evaluations help a lot towards the closure of the course to arrive at the justifiable grade ranges for the course. The Faculty Member will assign a numeric score to each student, which will be the weighted sum of component scores. Numeric score for individual components along with class distribution of scores may be communicated to the students. Any student desires clarification on his/her numeric scores in any component can discuss and resolve the matter with the concerned course instructor(s) within two days of receiving/publishing of marks.

While submitting the final scores of students in a course to the Program Office, the Faculty Member will also specify score range for each letter grade. To avoid problem of skewness, grading pattern should follow an approximate normal distribution except that the discretion should be used while awarding grades D and F. Faculty members are required to follow the following grading guidelines for courses with total enrollment of more than 20 students:

Grade Type	Suggested percentage of students of total course strength
Letter grade A (A+, A, A-)	About 30%
Letter grade B (B+, B, B-)	About 60%
Letter grade C, D and F	About 10%

For courses with total enrollment less than 20 students, faculty members can deviate from above suggested ranges without being highly skewed towards the higher or lower letter grades.

Faculty should not directly disclose the grade ranges to the students as in exceptional circumstances the MBA Committee may need to moderate the grade ranges before finalization of results. All grades will be circulated to the students by the Program office only after the MBA Committee approves the results.

In exceptional circumstances, MBA Committee would reserve the right to moderate the submitted grade ranges of courses to ensure adherence to the grading guidelines and ensure consistency of grading across sections (in case same course is taught in multiple sections). The right of moderation would be used by the MBA Committee (for upward or downward revision of grades) only under exceptional circumstances (i.e., in case of major deviation from the grading guidelines).

10.3 Promotion & Graduation

10.3.1 CGPA and number of D & F grades will form the basis for determining if a student is eligible: (a) for promotion from the first to the second year, (b) for award of IIM Jammu MBA degree at the end of the Program, and (c) to continue in the Program.

10.3.5 For the purpose of the criteria in 10.3.2, 10.3.2 and 10.3.4, an F or D grade in any course will be treated as a full F or D irrespective of the credit weightage of the course. Failure to achieve the prescribed minimum standards of academic performance will result in the student's termination from the program.

10.3.6 The CGPA will be on the basis of Courses taken at IIM Jammu in all six Terms. However, for students participating in international exchange Program, the CGPA shall be calculated by considering courses taken at IIM Jammu in FIVE Terms and courses taken in the foreign university/business school for one term. CGPA will be calculated for all SIX Terms by considering the evaluation at foreign university/business school (equivalent grade) and GPA of the five terms at IIM Jammu. If a student fails to qualify any course during the International Student Exchange Program, then F grade obtained in a course(s) will be considered for the purpose of academic evaluation at IIM Jammu.

10.3.7 CGPA of MBA Program of IIM Jammu is based on relative grading in the individual courses and hence is not convertible into percentages. However, notionally the CGPA may be multiplied by a factor of 10 to obtain a numerical percentage.

10.3.8 If a student is terminated from the Program in the first year, he/she may file an appeal to the Director (Chairperson, Academic Council), who in consultation with the Academic Council may reconsider his/her case for readmission in the next academic year. The decision of the director on such an appeal will be final. However, the student has the provision to appeal only once during the second year.

10.3.10 A student is terminated from the second year, can appeal for repeating the second year with the upcoming batch if and only if there is no case of in-discipline during his/ her study period at IIM Jammu.

10.3.11 Students who have been awarded an F grade (or accumulate 2 D grades) as well as a CGPA of less than 4.5 at the end of any term in the Program will be asked to withdraw from all student committees of IIM Jammu.

10.3.12 Provision for Grade Improvement for students with “F” grade

- (a) Students with “F” grade in any course will be provided an opportunity to improve their grade by reappearing in supplementary end-term exam to be conducted for that course by paying requisite fee of Rs. 8000/- per course.
- (b) Supplementary exam component will be equivalent to the component of End term exam only and will be added with performance of student in the other remaining components originally used in the course to arrive at the new final grade. The grading will be done by applying the original grading ranges used in the course.
- (c) The maximum grade which can be earned by a student through the provision of supplementary exam is ‘C’ grade or lower even when by applying the original grading ranges used in the course may be resulting in better grade than “C”.

- (d) There is no provision for further re-examination if student secures 'F' grade by availing the opportunity of supplementary exam.
- (e) Students who secured "F" Grade in any course and want to avail the Grade Improvement opportunity should submit the supplementary exam form available with the Program office.
- (f) Students who are awarded "F" Grade on disciplinary grounds may not be allowed to take any supplementary examination for grade improvement.

A student who is expelled from or is required to leave the institute on any ground may file an appeal to the Director, who in consultation with the Program Committee/ Academic Council may like to reconsider his/her case and take a decision accordingly. The decision of the Director on such an appeal will be final.

18. INTERNATIONAL STUDENT EXCHANGE PROGRAM (ISEP)

IIM Jammu has developed the International Student Exchange Program (ISEP) with its partner institutions to provide a cross-cultural exposure with a mutually valuable scholarly global perspective. IIM Jammu believes these engagements would result in knowledge sharing and dissemination, and adoption of best business practices from partner institutions in academics and research.

Guidelines for ISEP

1. The students are allowed to go for ISEP during the terms IV, V, and VI only.
2. Students who go on an Exchange Program in term V must take the full course load for students at their respective partner institution/university, taking only post-graduate level courses that amount to not less than 150 contact hours over the exchange term. A student can take credit for a maximum of 30 additional contact hours beyond 150, provided the International Relations Office Committee approves the course. Thus, a student must earn a minimum of 15 credits while on exchange.
3. Representative course load in the terms is as follows:
 - a. Term IV: 180 hours (18 credits)
 - b. Term V: 150 hours (15 credits)
 - c. Term VI: 150 hours (15 credits)
4. A student not getting a passing grade in a course while on the exchange will not earn any credit.
5. The credits for courses in each exchange institution/university will be released by the partner institution/university, depending on their course offerings.
6. Students failing to earn the required credits from the ISEP will be asked to make up the deficit by taking additional course work at IIM Jammu in the sixth term of the same year or the next academic year and will not be granted the degree till they complete the academic requirements.
7. The deficit from the ISEP cannot be more than three credits. Registering for such an additional course is subject to meeting the minimum and maximum credits requirements in a term.
8. The Program Office of IIM Jammu will create grade equivalence considering the partner institution/university grading system which will be placed before the MBA Committee for recommendation. The decision of the MBA Committee in this regard will be final.
9. The students going for ISEP are required to complete the student exchange process mandated by International Relations Office. They are supposed to opt for courses that have not been taught in earlier terms at IIM Jammu.
10. The students must fill the student exchange request form and duly submit it to International Relations Office to verify the details and approval from the Program Office. The proforma of the form is attached in **Annexure X**.
11. No excused absence from attending classes will be granted to students on ISEP who leave before closing the last term OR arrive late for the following term. Thus, students not attending classes for the reasons stated above will be marked absent.
12. Students whose exchange term ends later than the start of the sixth term at IIM Jammu can register with prior permission within a maximum of two weeks from the start of the sixth term. This leeway is available only if their institution/university term or examinations runs during the first two weeks of the sixth term.
13. However, even with prior permission, no attendance waiver will be granted for the days missed, and fines for late registration will apply.
14. A student on exchange with a partner institution/university during IIM Jammu's Term VI will be eligible for convocation, provided the exchange term ends in line with the academic calendar of IIM Jammu.

15. The students must submit the marksheet/transcript received from the partner institution/university to the Program Office for conducting grade equivalence and generation of the IIM Jammu transcript.
16. Students of a batch, whose exchange program gets extended beyond IIM Jammu's date of convocation for that batch, will not be eligible for convocation of that year and award of medals in his/ her batch. Such students will be provided a provisional degree by IIM Jammu post completion of their exchange term. They will receive their degree certificates in the convocation conducted in the succeeding academic year.

19. FINAL PLACEMENT RULES

The Placement Office will facilitate, guide and counsel the second-year students in securing suitable final placement at the end of the Program by bringing them in touch with prospective employers. However, in no way does it guarantee an on-campus placement to them.
