

IIM Jammu Organized Online Parents-Teacher Meet

Once again IIM Jammu proved its innovative, novel and creative approach towards teaching and management. Owing to the above-mentioned approach, an online Parents-Teacher meeting (PTM) was conducted on 5 September 2020.

The prime aim of the PTM was the interaction of the parents of students from MBA Batch 2020-22 batch with the Director, the faculty members and the administrative staff. Prof. B. S. Sahay, Director, IIM Jammu conceptualized the PTM for better understanding and interaction between the teachers and the parents.

It was an attempt to not only connect the parents with the teachers but also introduce them to the institute that their child is going to be a part of, for the next two years.

Owing to the situation created by the pandemic, the PTM was held in the online mode. It was attended by the Director, IIM Jammu, the faculty members and the administrative staff.

The PTM session was initiated by the Chairperson-MBA, Prof. Manoj who very effectively introduced the parents with the aura of the IIM Jammu. He enabled the parents to understand the academic rigor that will be experienced by their wards at the institute. He invited Prof. B. S. Sahay, Director, IIM Jammu to lead the PTM, who welcomed the parents and shared plans for bright future of MBA students of IIM Jammu. Parents were shown the layout of the planned permanent campus of IIM Jammu at Jagti, Nagrota.

The Director next asked faculty and staff members to provide self-introduction to familiarise them with the parents. It was followed by an open interaction between parents and the faculty members. The parents enthusiastically put forth their queries about online exams, hostels, possibility of students coming back to campus. All their queries were satisfactorily addressed by the concerned departmental heads.

Throughout the meeting the Director, the faculty and staff members proactively interacted with all the parents, who also came forth to resolve their queries and provide suggestions.

One must mention that the zeal to participate and interact was high on both the ends. On one hand wherein, the teachers expressed their desire to meet students in the campus, the parents also acknowledged the need of the institute to reopen.

IIM Jammu looks forward to conduct more of such sessions which will not only provide an insight to our performance but will also act as a proof of our determination towards excellence.

Parents were highly impressed and happy with the session. The overwhelming response is evident from the fact that over 200 parents participated in the meeting.
